Appeals

All appeals must be made online at <https://hanover.thepermitstore.com/> within 10 days of the violation.

Parking citations are issued for violations of the established College motor vehicle policy. A proper appeal should be based on the premise that the citation was issued in error and that there was no violation of College policy. An appeal may also be based on the fact that there were exigent circumstances present that should excuse the violator from the violation of college policy.

Example of reasons that are **not** grounds for an acceptable appeal:

- “I was only there for a short time”
- “I did not know “
- “This is my first time”
- “I was dropping off my class assignment”
- “I was just picking up food”
- “I was late for class”

Appealed citations are placed on hold until the appellant is sent notification of the decision. No additional fees will be added, and payment is not required unless the citation is upheld. A notice that the citation is dismissed requires no further action on the part of the appellant.

Payment of an upheld citation will be put on the student’s account.

All parking fines are uploaded to the student’s account within 30 days of the violation. Parking fines will appear as a line item on the student account after they are uploaded from the vendor and can be paid the same as other charges on the student’s account. The 10-day period only applies to appeals and there is no sanction for going past the 10 days on the payment of a fine. Parking fines are treated the same as any other charge on a student’s account.

All appeals must be filed online as per the process. In all cases your appeal must be filed online at **hanover.thepermitstore.com** within 10 days of the date the citation was issued. The instructions for filing the appeal are on the back of the citation. Please include a thorough narrative and explain why you think the citation should be dismissed. Maintain a copy of your appeal for your records.

Disabled Vehicles

A vehicle that breaks down and cannot be moved is not excused from parking regulations. Please notify Campus Safety immediately and advise when the vehicle will be moved. Vehicles that are considered abandoned will be towed from Campus at the owner’s expense.
